SUBJECT: COSTCO #SGF-2002.49

PREPARED BY: Hector Tapia, Senior Planner (480-350-8331)

REVIEWED BY: Steve Venker, Planning & Zoning Manager (480-350-8331)

BRIEF: This is the first public hearing for Costco for a 10th Amended General and Final Plan of Development for Price Club Plaza I to expand Costco Wholesale store (Parcel "A") located at 1445 West Elliot Road.

COMMENTS: **PLANNED DEVELOPMENT (0406)** Hold the first public hearing for **COSTCO** (Costco Wholesale Inc., Kim Stever, property owner) for a building addition to the existing Costco store located at 1445 West Elliot Road. The following is requested from the City of Tempe:

#SGF-2002.49 A 10th Amended General Plan of Development for Price Club Plaza I and a Final Plan of Development for Parcel "A" to expand Costco by 11,200 s.f. at the west side of the building and 936 s.f. for a food services expansion along the north side of the building, increasing the total size of the Costco building to 142,136 s.f. The total Price Club Plaza I includes 442,815 s.f. of building area on 39.6 net acres in the PCC-2 Zoning District, located at 1445 West Elliot Road.

Document Name: 20020808devsrh06 **Supporting Documents:** Yes

SUMMARY: This request is to amend the existing Price Club Plaza I plan of record to add an 11,200 s.f. building addition at the west side of the existing Costco Wholesale store. This request also includes a 936 s.f. addition at the middle portion of the front of the store to accommodate a food services expansion (under the existing canopy). The requested changes are in Parcel "A" only. No changes are proposed for the existing 6,880 s.f. tire center. The total new building area within Parcel "A", with those additions, is 154,435 s.f. (includes the tire center, 6,880 s.f., and the Black Eyed Pea restaurant, 5,400 s.f.). This Costco expansion requires the deletion of 40 parking spaces and landscape area located at the west side of the existing building. New landscape islands were added, west of this addition and south of the tire center. The total required parking spaces for Costco is 648 and the parking provided is 796. No building setback or parking variances are necessary for this expansion. On July 23, 2002, Planning Commission approved this request on their consent agenda. Staff supports this request subject to conditions. To date, no public input has been received.

COMMENTS: This request is to amend the existing Price Club Plaza I plan of record to add an 11,200 s.f. building addition at the west end of the existing Costco Wholesale store located at the southeast corner of Priest Drive and Elliot Road. This request also includes a 936 s.f. addition at the middle portion of the front of the store to accommodate a food services expansion under the existing canopy.

The Final Plan of Development request is for the changes in Parcel "A" only. No changes are proposed for the existing 6,880 s.f. Tire Center or to PAD A where the 5,419 s.f. Black Eyed Pea restaurant is located. The total new building area within Parcel "A", with those additions, is 154,435 s.f. The Costco building is 142,136 s.f.

Parking

This Costco expansion requires the deletion of 40 parking spaces. The total required parking spaces for Costco is 648 and the parking provided is 796. Although during special days the parking lot appears to be full, the parking spaces south of the tire center or south of the Automatic Fuel center Facility are available most of the time.

Landscaping

The landscape area located at the west side end of the existing Costco building will be deleted, but new landscape islands were added, west of this addition and south of the tire center.

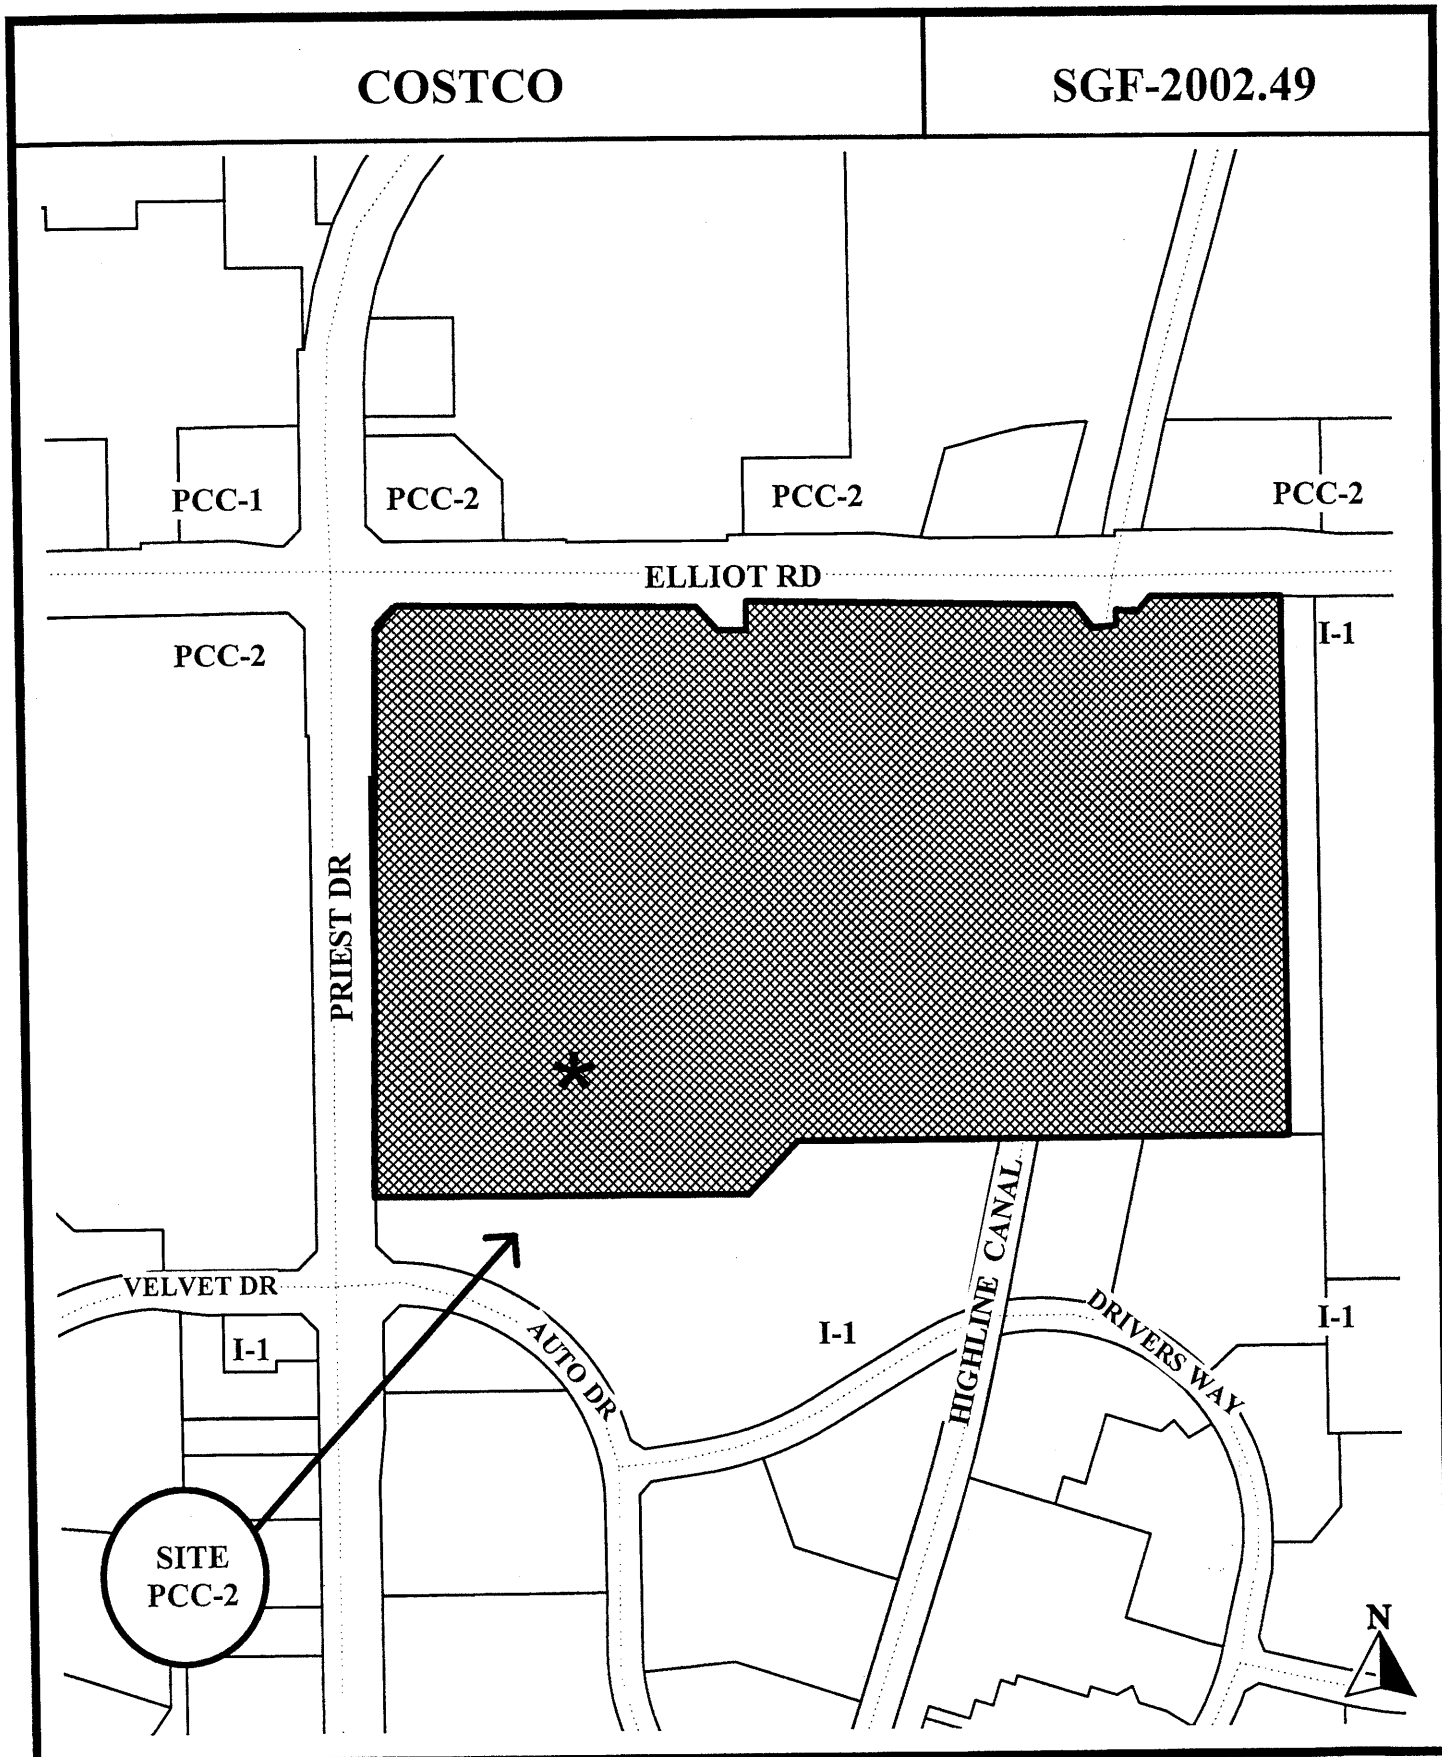

No building setback or parking variances are necessary for this expansion. On July 23, 2002, Planning Commission approved this request on their consent agenda. Staff recommends approval subject to conditions. To date, no public input has been received.

**REASON(S) FOR
APPROVAL:**

1. The proposed addition creates no variances or the need for a use permit. The proposed parking supply should be sufficient to meet the demand. The benefits of the Costco expansion out weight any concerns, if any.

**CONDITION(S)
OF APPROVAL:**

1. a. The Public Works Department shall approve all roadway, alley, and utility easement dedications, driveways, storm water retention, and street drainage plans, water and sewer construction drawings, refuse pickup, and off-site improvements.
- b. Off-site improvements to bring roadways to current standards include:
 - (1) Water lines and fire hydrants
 - (2) Sewer lines
 - (3) Storm drains.
 - (4) Roadway improvements including streetlights, curb, gutter, bikepath, sidewalk, bus shelter, and related amenities.
- c. Fees to be paid with the development of this project include:
 - (1) Water and sewer development fees.
 - (2) Water and/or sewer participation charges.
 - (3) Inspection and testing fees.
- d. All applicable off-site plans shall be approved prior to recordation of Final Subdivision Plat.
2. a. All street dedications shall be made within six (6) months of Council approval.
- b. Public improvements must be installed prior to the issuance of any occupancy permits. Any phasing shall be approved by the Public Works Department.
- c. All new and existing, as well as on-site and off-site, utility lines (other than transmission lines) shall be placed underground prior to the issuance of an occupancy permit for this (re)development in accordance with the Code of the City of Tempe - Section 25.120.
3. This plan shall be recorded prior to the issuance of permits, and shall show cross access to be maintained throughout this site over the driving aisles. No changes or modifications to the driving aisles will be allowed without the prior approval of the Engineering Department.
4. The Amended General and final Plan of development shall be put into proper engineered format with appropriate signature blanks and recorded with the Maricopa County Recorder's Office through the City of Tempe Development Services Department, **on or before September 5, 2003**. The Planning Division prior to recordation shall review details of the document format.

III. SITE DESCRIPTION

The site of the proposed improvement is an existing commercial warehouse located on a parcel within the existing Price Club Plaza I Development. The Price Club Plaza I Development consists of 39.6 acres of commercial and retail buildings. It is located at the southeast corner of Priest Drive and Elliot Road. The Costco site is bounded to the north by Elliot Road, to the west by Priest Drive, to the south by an existing Enterprise car rental company, and to the east by an abandoned Home Base building and parking lot (located with the Price Club Plaza I Development).

Costco Wholesale is a cash and carry retail/wholesale operation, selling high quality national brands and private label merchandise for commercial and personal use. It also sells to individuals who are members of selected employee groups. Warehouse hours of operation are typically Monday through Friday from 10:00 AM to 8:30 PM, Saturday 9:30 AM to 6:00 PM, and Sunday 10:00 AM to 5:00 PM. Delivery hours generally occur from 6:00 to 10:00 AM.

IV. PROPOSAL SUMMARY

Costco is proposing to expand the existing building by 11,200 square feet, increasing the total size of the building from 130,000 square feet to 141,200 square feet. The new building addition will be constructed on the west side of the building. The purpose of the addition is for additional rack and merchandise display space within the proposed building.

The proposed building expansion will result in the loss of 40 parking stalls, as the total count of Costco parking will be reduced to 835 to 795. However, despite the fact that the site will be losing 40 parking stalls, the development will continue to exceed the minimum parking requirement of 644 spaces (per Section 4-302 of the Tempe Zoning Ordinance No. 808, effective Dec 15, 2000).

The proposed building expansion will also include the addition of 14 bike racks. The bike racks are proposed per Tempe standard detail T-578 and will be located adjacent to the existing Costco Tire Center (See Site Plan, Sheet D1). It is anticipated that a majority of the bike trips to the Costco site will be made by employees. Due to the sale of bulky merchandise, customer bike trips are anticipated to be minimal. Under existing Variance Case #SGF -88.59 for Parcel A of the Price Club Plaza, only 7 spaces are currently required on this site. This number will be doubled with the proposed expansion.

The proposed building expansion will result in the loss of 11 existing Elm trees located adjacent to the building (See Landscape Plan, Sheet L1). These trees will be replaced with new Elm trees to be located in proposed landscape islands and diamond planters within the parking lot west of the expansion as well as adjacent to the loading dock screen wall south. These trees will maintain the existing landscape coverage in this area as well provide additional screening at the loading dock wall.

The proposed grading and drainage for this site will act in the same manner as it currently does. Currently building roof drains on the west side of the Warehouse are directed into the west parking lot. The parking lot sheet flows west, away from the building and is directed into a concrete valley gutter, which flows south through the parking lot to an existing catch basin on the south side. With the building expansion, a portion of the west parking lot adjacent to the building will be removed and raised to match the proposed building addition grades. Also the north end of the concrete valley gutter will shift west slightly to minimize the parking lot slopes in this area. The impervious area for this drainage basin will be relatively the same as currently exists.

Currently, as-built and topographical survey information indicates no utilities located within the building expansion area. Therefore disturbance of existing site structures or utilities is not anticipated.

V. CONCLUSION

The proposed building expansion and parking lot improvements will enhance service to warehouse members and can meet all applicable city zoning and design standards. The proposed development complies the City's Zoning Ordinance and can meet all relevant design standards.

Dee Dee-

On Tuesday, ~~July~~ ^{JUNE} 25, we submitted to Planning and Zoning for a Development Plan Amendment for the above Costco Expansion project located at 1445 W. Elliot Road.

Please accept the following updated project data worksheet which reflects the 936 square foot Food Services Expansion of the existing Costco Warehouse Building. This expansion was proposed on the Schematic Floor Plan, Sheet P2.1-14, with our submittal however was not reflected within the project data information listed on the Site Plan, Sheet D1. With the addition, the Total New Building square footage will be 149,016 square feet.

I have also updated the project data information listed on the Schematic Elevations, Sheet P3.1-03 to reflect this as well.

I hope that this does not create any confusion. If you have any questions or need any further clarifications on this please do not hesitate to call. Thank you for your understanding in this matter.
